Puppy must be examined by a licensed veterinarian, at buyer's expense, within three business days of purchase of the puppy. This guarantee is valid only to the person who purchased the puppy. ***Breeder is not responsible for any expense occurring once a puppy leaves the sellers possession.***

If a genetic/life threatening illness is detected by a licensed veterinarian, the buyer return the puppy and paper to the seller immediately with a letter from the veterinarian stating the medical reason for the return of the puppy. Breeder has the right to take the puppy to our Vet

for a second opinion. ****Undescended testicles, Cherry eyes and Hernias are not life threatening genetic illnesses****. If any medical treatment is performed, this guarantee is null and void. No guarantee is given for any kind of worms, coccidiosis, or giardia, mites or any other parasite - they are all too common - including parvo, corona and distemper. In the event a puppy dies within the three day period, a necropsy by a licensed veterinarian must be performed to determine the cause of death - at buyer's expense. A copy of the necropsy must be provided to the seller within three days of the necropsy/death of the puppy along with its paperwork - failure to do this will void this guarantee.

Breeder will not replace a puppy for any reason not related to a serious genetic life threatening illness. The seller will exchange the puppy for another of the same sex, size, color and value if available. If seller has no similar puppies within one year, seller will refund the purchase price of the puppy.

This guarantee is null/void if the buyer fails to have the puppy examined by a licensed veterinarian within three business day of the purchase. By purchasing a puppy, the buyer understands and agrees to all the terms of this guarantee.
